Dear Sirs

I feel this is the opportunity to express how strongly I feel about the Microsoft Settlement.

I feel if this Settlement goes thorough as proposed it is way to lenient on Microsoft. I feel for all of their steamrolling over smaller companies with their policies demands harsher fines against Microsoft. How they destroyed netscape is just one of many examples of the brute (unfair) force Microsoft has exercised over many companies over the past few years.

Please do not let them off the hook so easily.

A concerned U.S. citizen.
